The school building has been recently remodeled and it is a gorgeous campus, however, what it lacks is diversity within students and staff.

I have had a really great experience at FHS, with meeting new people, getting a great education and overall feeling very comfortable in my environment. The only thing I don't love is the very intense competition at the school, whether that be in the classroom or on an athletic field/court.

Franklin High School is a fantastic place to receive an education. The school provides students with a wide variety of rigorous courses. There is something for everyone. Over the past four years, my teachers have been excellent and always available when I've needed help. I feel my experience has prepared me to transition to college with ease. The workload was heavy but always relevant. Our school culture is one of the things I am most proud of, as many clubs provide students with opportunities to grow as individuals and give back to the community.

The new building is beautiful and the facilities available to the students are amazing. Most teachers are very good at their jobs. They are able to adapt their plans to best accommodate their students needs. Other teachers unfortunately don't have the same ability. Fortunately, these teachers that can't adapt are few and far between. As far as athletics Franklin has some of the best coaches around to help the student-athletes be the best players possible. Franklin High School has helped me become the best possible student-athlete I possibly can be.
